## How to Get to Heaven (Without Really Dying)

*Wisdom from a Near Death Survivor*

After living through three very different near-death experiences, Robert Kopecky discovered a remarkable fact about life and death: You don't have to die to go to heaven.

This book is about helping you to engage with a paradise that is always present in your life. It's about learning how to make choices that guide you to a place of joy and fulfillment. It's about finding the proper doors (and maybe a few shortcuts) that can lead you back to the paradise that is your birthright. By cultivating perspective, presence, and purpose, you will discover that going to heaven is about being right where you are—wherever that may be—and waking up.
