"THIS IS A POWERFUL HEALING TOOL."

The Law of Attraction says that, by focusing our intention, we can have anything we desire. The ancients have always known that one of the best ways to use this law involves the magic of Sacred Sound.

'Attracting Abundance – Mantras for Prosperity' is a collection of mantras, each of which addresses a specific aspect of abundance. Each mantra is repeated the traditional 108 times, so you don't need to be counting with a set of japa beads. Each mantra is accompanied by exotic and entrancing percussion, which will carry you gently into a meditative state where the Law of Attraction works best. This CD is a powerful tool designed to amplify and accelerate the vibrations of our intentions to effectively attract more of what we desire and less of what we don't desire.
