The Buddha-Lounge Series:

"The latest installment in the Sequoia Groove label's *Buddha-Lounge* series continues with its warm, soothing grooves and funky, exotic beats. Call it chill-out, or techno-lounge, it all comes down to the same thing, and you're lying if you say it never hits the spot."

— Rick Anderson, *All Music Guide*

"The *Buddha-Lounge* series is a hot number in Europe and now Sequoia has been releasing it here. It is a fun, playful, and eclectic collection of chill-out tracks reflecting many different cultures and languages."
